Are there any specific school transport arrangements?		School(s) served					Service provided by;			
School Bus		School transport have been contacted but have not yet replied to queries regarding which schools are served but it is thought that Grantham and Welborn schools (Will Rob) are covered if there is a need - dependent on secondary school children					?			

	in the village. Will need to be confirmed by School Transport Department	
--	---	--

**Part 4: Supplementary Information**

Any additional information you can supply on the following topics would be helpful

**It is recognised that many of our villages have few shops and facilities, and residents are, therefore, heavily reliant upon travelling to other villages or towns. This can create linkages or relationships with other villages. Do you think this is the case with your village? If so, with which villages(s) do you have established/recognised ties?**

Our nearest village - 30 minutes when walking is Caythorpe

**Are there any known infrastructure deficiencies in your village? If so, are these already being addressed?**

Drainage - under assessment - works planned

**Are there any areas/issues which are of concern to the village (e.g., traffic, parking, lack of facilities, housing etc.)?**

**Some villages are preparing a Neighbourhood Plan. Has this been considered by your village?**

Yes - ongoing

**Have the views of your community been sought on issues such as new housing etc?**

Yes

**Land will need to be found for new housing during the life of the new Local Plan (up to 2041) in some of the District's villages. Does the Parish Council feel that your village would wish to be a Growth Village?**

No

**Do you think that the village could accept:  
a) small developments (e.g., 1 or 2 houses but not more than 5),  
b) larger developments (e.g., 5-20 houses), or  
c) infill developments only (i.e., single properties)?**

C - infill developments only - single properties
